How to invest in stock market wisely

An Investor Awareness Programme at HBS

H

The workshop was organized in collaboration with Salt Lake Community College, one of the major educational institutions in the state. A total of 200 people attended the workshop, which covered various aspects of investing, including market trends, stock selection, tax implications, and risk management. The event was held on 27th January, 2014, and featured presentations by industry experts and a Q&A session with attendees.

British schools offer scholarships

What all facilities the schools have to terms of academic, liberal, physical, and so on?

The schools offer scholarships ranging from 50% to full tuition, depending on the applicant's academic and extracurricular achievements. Students are selected based on their academic record, extracurricular activities, and essays. The scholarships are renewable annually.

Sphering head knowledge dissemination through Innovation!

The workshop was organized in collaboration with Salt Lake Community College, one of the major educational institutions in the state. A total of 200 people attended the workshop, which covered various aspects of investing, including market trends, stock selection, tax implications, and risk management. The event was held on 27th January, 2014, and featured presentations by industry experts and a Q&A session with attendees.

The workshops were attended by educators, students, and professionals from various fields. The presentations covered a range of topics, including the latest trends in the stock market, investment strategies, and regulatory changes. The event was facilitated by Dr. Srinubabu, a post-graduate student at TAM University, Hyderabad Campus, and Mr. Raja Rao, a professor at HBS, and was coordinated by GIPS, which is responsible for organizing such events.
